ESSENTIALS FOR ON AND AROUND THE ICE

Passionate ice experts: that's what Ice-World stands for. We've been a worldwide leader in custom mobile rinks since 1992. Each year 600 temporary and permanent ice surfaces bring frozen fun and enjoyment to millions of people.

Ice-World has a reputable collection of accessories that will enhance skating experiences on your rink, or which are simply necessary for your ice rink's maintenance. Visitors will stay longer, come more often and your rink will generate extra income.

Discover our accessories that guarantee a pleasant and safe skating experience: different ice rink layouts, quality rental skates, helmets, skate racks, skating aids, IceByks®, curling sets and ice maintenance equipment.

FUN AND SAFETY

ON THE ICE

Safety first applies to all our in-house developed accessories, as well as to equipment produced by our suppliers. Guaranteed quality is our standard.

TOMMY THE REINDEER®

Meet our engaging new skating aid, **Tommy the Reindeer®**, especially designed for children aged between 6 and 9 years old. By holding Tommy's antlers, children can enjoy stable support, which makes ice skating loads more fun. Tommy the Reindeer® is stackable, which means they don't take up too much space in storage. Tommy the Reindeer® also has its own Pick-Up system.

BOBBY THE SEAL®

Our **Bobby the Seal®** ice skating aid will entertain every customer, young and old alike. Not only can Bobby be pushed and used for support, but he can also be used as a chair.

Bobby the Seal® is easy to stack and has its own Pick-Up system; it's a safe and handy storage tool that puts an end to the need for collecting skating aids after a skating session.

PROTECTION SETS

Our sets are suitable for both children and adults and provide fantastic protection against bumps, bruises and scrapes.

WHY SHOULD YOU OPT FOR OUR SKATING AIDS?

- ✓ To generate additional income
- ✓ It leads to more fun on the ice
- ✓ Very useful tools for teaching and training sessions
- ✓ Durable and easy to maintain
- ✓ Easy to stack

CUSTOMISE

THE LAYOUT OF YOUR RINK

THE BASE

With 'The Base' you can endlessly change the layout and experience that your rink offers. These building blocks enable you to create a different layout in no time. Use them to create practical, flexible divisions between your different activities on the ice, or have some of them serve as a bench for people to rest on.

Create a straight line
or a corner

CENTRE PIECE ON THE ICE

Help create a warm Christmas atmosphere on your rink by installing a Christmas tree on top of the Base. The aluminium framework at the bottom of the Base can be frozen into the ice, keeping the Base from moving when in use.

PHOTO STAND-INS

The Base can also be used as a decorative photo stand-in. The images used for the stand-in can be easily customised to match every customers' needs.

KIDS' CORNER

By placing several Bases and charming castles-boards on the ice you create a safe and comfortable kids place. The boards can also serve as additional space for advertising.

The kids' corner consists of the following parts:

- ✓ 14 Bases
- ✓ 6 castles
- ✓ 2 Inuit
- ✓ 2 sockets (trees not included)
- ✓ 2 benches of 2.5 m each

PLAYTIME

Fun on the ice isn't just for skaters. See what our accessories can add to your ice rink event.

ICEBYK®

Ice-World's latest invention is **the IceByk®**. This bike allows for spectacular cycling activities on the ice: for all ages, and for skaters and non-skaters alike. Ice-World has come up with different types of games for the IceByk® making it ideal for schools, businesses and groups looking for a brand-new activity on the ice.

The seat is adjustable making the IceByk® an attraction for ages 7 and up. What's even more thrilling: you can pimp your speed up to 30 km/h with our E-IceByk® without having to cycle.

Curling

Ice Stock

CURLING AND ICE STOCK SPORT

Games on the ice always bring extra fun to the ice rink. Curling, ice stock sport and even kettle curling are becoming increasingly popular, especially among groups and for business outings. Ice stock sport is somewhat similar to curling. Competitors slide ice stocks over an ice surface, aiming for a target.

The great advantage: you don't need to be able to skate! Everyone can join in and even enjoy a drink on the side. Ice-World provides complete sets and can advise you on how to monetise this activity.

Our **curling set** includes:

- ✓ 4 blue and 4 orange curling stones
- ✓ 1 curling target
- ✓ all practically arranged on a movable cart

Our **ice stock sport set** includes:

- ✓ 4 red and 4 blue ice stocks
- ✓ 1 target (the so-called Daube)
- ✓ 8 shoe spikes

ALL ABOUT SKATES

FOR THE LITTLE ONES

Comfortable skating for the kids: Ice-World offers quality **bob skates** with dual adjustable blades, fit for all children's sizes. They're easy to put on and safe too!

HIGH-QUALITY ROXA SKATES

Ice-World sells and rents out exclusive European high-quality orange **hockey skates**, available in all sizes. The buckles make them easy to put on. Custom colours are also available on request.

SKATE SHARPENER

Ice-World delivers sharpened ice skates. For ice events that last longer than two months it may be necessary to grind them again. This easy-to-use **Skate Pal** helps you to finish the job in no time.

ALL YOUR SKATES IN ONE PLACE

Store your skates practically and orderly by using the easy to install, movable **skate rack**. Each rack holds at least 50 pairs of skates (depending on the sizes). An extra set of five shelves can be placed between two skate racks allowing for an additional 50 pairs.

APPEARANCE

OF YOUR RINK

HEADER COVER

Our header covers protect your ice rink's cooling pipes and are decorative at the same time. These robust overlays are available in orange and grey.

RUSTIC BOARDING

This rustic wooden boarding is available in different dimensions depending on the size and shape of your ice rink. This classic boarding has a standard length of 2.5 and 5 metres, is 1 metre high. This boarding can also be used to protect objects like trees on the ice rink. Ice-World also developed wooden boarding that includes a gate.

TRANSPARENT BOARDING

This solid plastic transparent clean-looking boarding with orange railing is deliverable in different dimensions depending on the size and shape of your ice rink. They come in standard lengths of one and two meters; however, other sizes are also available. The boarding is one metre high. Ice-World has also developed several gate barriers ranging from one to two and three metres respectively.

KEEP YOUR ICE RINK SMOOTH

HOT ICE

MO
SWEEPER

OLYMPIA
ICE EDGER

- **For maintenance of small ice rinks:**

A special *snow shovel* to remove ice scrapings. The *Hot Ice* that evens out the top layer by melting a thin layer of ice. The *Mo Sweeper* is a motorised brush machine that easily removes snow.

- **For the maintenance of ice rinks between approximately 500 m² and 800 m²:**

We recommend a special ice resurfacing machine, for instance the *Pinguino*.

PINGUINO

- **For ice rinks between 800 m² and 1200 m²:**

We recommend our special ice resurfacing machine, the *WM Compact*.

WM
COMPACT

- **For ice rinks up to 1800 m²:**

A good option is the *WM Mammoth* with a water capacity of 1000 litres and a snow tank capacity of 3 m³ can handle all regular ice rinks up to this size.

- **For (semi) permanent ice rinks:**

We recommend - in addition to an ice resurfacing machine - an ice edging machine (to cut the ice near the boarding), for instance the *Olympia Ice Edger*.
